

# It's time to talk about Medicare prescription drug coverage.

## MedicareRx Prescription Drug Coverage

*Help is Here.*

Beginning January 1st, Medicare will help pay for the prescription drugs people with Medicare need to stay healthy. Everyone with Medicare is eligible for this coverage. Medicare Advantage Plans and other Medicare Health Plans will offer both health and prescription drug coverage, and there will be Prescription

Drug Plans that add drug coverage to the Original Medicare Plan. Prescription drug coverage can help people with Medicare save money, enjoy greater peace of mind, and receive the comprehensive medical care every person with Medicare deserves.
